Announced on September 4, 2010, the formal alliance between
The Spirit of Truth Foundation, sponsors of the 13 Moon Walk 4 Peace,
& the Center for Spiritual Democracy

The vision of Spiritual Democracy and the vision of the 13 Moon Walk for Peace are in complete alignment through our shared commitment to building peace both in America and throughout the world. The vision and goal of the walk is to awaken the “heart” of America, bringing visibility to the invisible and voice to the voiceless to affect healing and transformation in the way we relate to each other and Mother Earth. The vision of Spiritual Democracy is a world where “spiritual consciousness is the highest form of politics” and where men and women work together in equal partnership for the next seven generations while holding all life as sacred.

The Center for Spiritual Democracy and the Spirit of Truth Foundation will also be participating in a year-long university study on the impact and effectiveness of both the walk and the introduction of Spiritual Democracy circles into diverse communities across our nation. This research will then be utilized to continue to develop and refine the model for Spiritual Democracy as a valuable system of governance while also tangibly demonstrating the power of the 13 Moon Walk for Peace and its guiding values to inspire action on the local level and begin the building of real peace across the nation.
